

# National Pirogov Memorial Medical University

«Approve»

Vice-chancellor for academic affairs

 prof. Y.J. Guminskiy

«24» January 2020

## CALENDAR PLAN of practical classes from discipline «histology, cytology, embryology» for the first years students of stomatological faculty 2019 -2020 academic year I semester

№	Topic	Date
1	Cardiovascular system. Artery. Microvascular bed.	03.02.20-08.02.20
2	Cardiovascular system. Vein. Lymphatic vessels.	10.02.20-15.02.20
3	Cardiovascular system. Heart	10.02.20-15.02.20
4	Hematopoietic organs. Thymus. Red bone marrow.	17.02.20-22.02.20
5	Hematopoietic organs. Spleen. Lymph nodes.	17.02.20-22.02.20
6	Endocrine system. Hypothalamus. Hypophysis. Pineal gland.	24.02.20-29.02.20
7	Endocrine system. Adrenal gland. Thyroid and parathyroid gland.	24.02.20-29.02.20
8	<b>Credit 2 «Histology of Nervous system and analyzers. Histology of skin. Histology of Cardiovascular, Endocrine systems and Hemopoietic and immune response organs»</b>	02.03.20-07.03.20
9	Digestive system. Organs of oral cavity. Tongue. Lips. Palatine. Tonsils.	09.03.20-14.03.20
10	Digestive system. Salivary glands.	09.03.20-14.03.20
11	Digestive system. Tooth. Tissues of the tooth. Enamel.	16.03.20-21.03.20
12	Digestive system. Tooth. Tissues of the tooth. Dentin. Cementum.	16.03.20-21.03.20
13	Digestive system. Tooth. Tissues of the tooth. Pulp and periodontal ligament.	23.03.20-28.03.20
14	Digestive system. Tooth. Development and replacement of the teeth. Regeneration, reaction to the influence of the environment, age changes of the tooth tissues.	23.03.20-28.03.20
15	Digestive system. Throat, esophagus.	30.03.20-04.04.20
16	Digestive system. Stomach.	30.03.20-04.04.20
17	Digestive system. Small intestine.	06.04.20-11.04.20
18	Digestive system. Large intestine.	06.04.20-11.04.20
19	Digestive system. Liver.	13.04.20-18.04.20
20	Digestive system. Pancreas.	13.04.20-18.04.20
21	Respiratory system. Airways.	20.04.20-25.04.20
22	Respiratory system. Respiratory part.	20.04.20-25.04.20
23	Urinary system. Kidney. Production of urine.	27.04.20-02.05.20
24	Urinary system. Endocrine apparatus of the kidney. Urinary paths.	27.04.20-02.05.20
25	Male reproductive system. Testis.	04.05.20-09.05.20
26	Male reproductive system. Accessory glands.	04.05.20-09.05.20
27	Female reproductive system. Ovary. Oviducts.	11.05.20-16.05.20
28	Female reproductive system. Uterus. Mammary glands. Ovario-menstrual cycle.	11.05.20-16.05.20
29	<b>Credit 3 «Histology of Digestive, Respiratory, Urinary and Reproductive systems»</b>	18.05.20-23.05.20
30	<b>Test for the year</b>	25.05.20-30.05.20

Acting Head of Department

 Ass. prof. A.P. Korol
